

IMAGINATION TO IMPLEMENTATION!

*An invigorating interview with our Alumna- **ELSIE SWAIN***

28.03.2019

Today is a pleasant memorable day in the history of SSM School!

One of our alumni Elsie Swain, who is a 'Prodigy by Birth' is going to join Johns Hopkins University in the United States, on an invitation to do research about the topic "Alzheimer's Disease". Elsie Swain and her parents spent the whole day with SSM family, especially with the students of class XI (2018-19).

Elsie's name and fame shall definitely add honour to the Institution. Her emotions "**JOURNEY BACK HOME**" is presented to the entire SSM family. Hope all will cherish her thoughts. Let us pray and bless Elsie Swain for her successful academic journey from Umayalpuram to the United States.
